GeraFold pro-line

Off-line folding solutions for demanding professionals

The perfect tools designed for users looking for innovative, performing, reliable and durable finishing solutions

- GeraFold 206 - *Desktop solution*
- GeraFold 212 - *Pro-solution*
- GeraFold 218 - *Pro-system*
- GeraFold 218 Cut - *Pro-system*

GeraFold Pro-line

*Off-line folders & trimmers program designed to satisfy the needs of demanding professionals looking for flexible solutions able to meet a variety of specifications from CAD, Graphic plots to Maps or letters. **GeraFold Pro-Line** provides folded documents meeting all requirements. Some models allow trimming operation with the same equipment maximizing investment, space and productivity.*

Off-line folding solutions for demanding Professionals

- **Off-line Professional folders with trimming device option**
- **Suitable for any need of finishing: CAD drawings, Maps or Graphics**
- **Pre-set programs or free folding set up thanks to intuitive Touch Screen control board**

New design, rounded edges, elegant shapes and colors for a complete line of Desktop or Freestanding folders conceived for office environment

GeraFold 206

Desktop folder designed to fold documents into A4/A (210x297). With a small budget and minimal space occupation it is possible to handle folding operation in house and be able to face picks of work without spending extra time folding your documents by hand.

GeraFold 212

Freestanding professional equipment designed to fold 8 styles including 2 Map patterns, tri-fold graphics at unlimited length at 12 m/min speed. Gerafold 212 represents the best price-performance combination for those organizations looking for a versatile solution

Option: Trimming device

GeraFold 218

Freestanding professional folding equipment designed to fold in 12 styles plus unlimited Map patterns. Unlimited copy length at 20 m/min speed. Gerafold 218 with extra large table (foldable to reduce space) and **touch screen** control, represents the best option for those who are looking for a versatile and highly productive solution.

Option: Trimming device

GeraFold 218 Cut

Freestanding professional folding & Cutting equipment incorporating all features of GeraFold 218 and offering the possibility to trim documents in its standard configuration. A unique **all-in-one** solution which allows multiple job within the same space.

Trimming Device: Standard

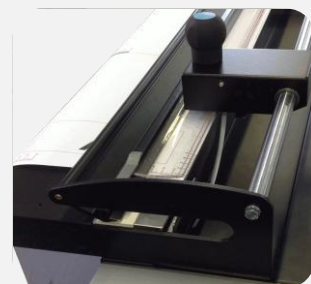

Round edges

Large foldable table

Touch Screen control

Pro-system

*Gera focus has always been in providing **compact and smart finishing solutions**. Keeping this in mind the new **GeraFold Pro-Line** offers the possibility to include the **trimming** operation into the off-line folder and offers a brand **new touch screen control board** to ease folding operations and technical support*

Versatility, performance & productivity

- **Manual Cutting device option allowing trimming of documents**
- **Same space occupation for folding & cutting operations**
- **Intuitive Touch Screen control board**

A smart “all-in-one” off-line finishing solution with additional benefits

Manual Trimmer

The **manual cutter** has been designed to allow trimming of documents while folding. The A4/A package is obtained as follows.

1. **Trim** the copy lead and trail edge
2. **Fan fold** the trimmed document
3. **Trim** fan-folded package side edges
4. **Cross fold** to obtain A4/A package

Key benefits

- **Ease of operation** and handling
- **Space:** trimmer & off-line folder within the same footprint
- **Time:** next trim can be handled during folding process
- **Investment:** one product instead of two that could be purchased at the same time or added later
- **Available:** as option on Gerafold 212 and Gerafold 218, Standard on Gerafold 218Cut

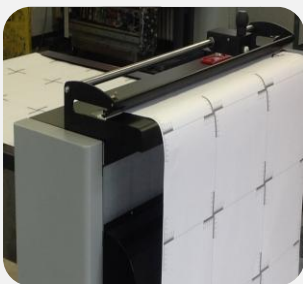

Touch Screen

The new **Touch screen** control brings additional value in terms of:

1. **Easy** selection of standard programs
2. **Customization** of folding styles
3. **Video & Picture** operator's guide
4. Video instructions for **installation** and **service** procedures

Key benefits

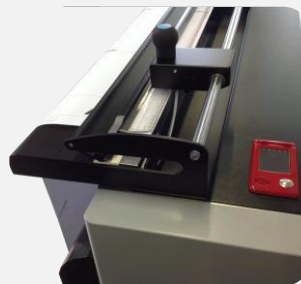

- **Ease** operator use and technical support
- **Versatile:** allows full customization of Map & Graphic fold
- **Quick set up:** folding programs and styles are fast and easily adapted to requirements
- **Intuitive:** easy to navigate thanks to self-explanatory graphic commands
- **Useful remote support** for technical engineers
- **Available with:** Gerafold 218 and Gerafold 218Cut

Manual Cutter

Trimming device

Touch Screen control

GeraFold 206

- Desktop unit can be easily placed on an a desk
- Folds any document into A4/A package
- Folding speed:4.5 A0/E size per minute
- Suitable for any professional office

Compact desktop solution

Desktop folder designed to fold documents into A4/A letter size. With a small budget and minimal space occupation it is possible to handle folding operation in house and be able to face picks of work without allocating extra time to fold documents by hand.

Main Characteristics

- Professional folder for engineering offices.
- Exceptional price/performance ratio
- Outstanding fold precision
- Fan fold & cross fold in 2 steps
- Maximum fan folding length 2,5 meters
- Cross folding up to 2 folds
- Plug & play device, easy to use & maintain
- Silent and Reliable

- **Speed** 6 m/min 4,5 A0/min
- **Process** Fan and cross folding in two steps
- **Fan Step** 210 mm
- **Cross Step** 297 mm

Features

- **Copy:**
 - **Length** min: 410 mm
max: 2,5meters
 - **Width** min 297 - max 920mm
 - **Plain paper** 75-90g/m²
 - **Weight** 56 kg
 - **Dimensions** 400x1140x400 mm
 - **Power** 230/115Vac 125 W

GeraFold 212

- **Freestanding** unit with **2 collection baskets**
- Folds documents of **unlimited length**
- **Versatile** solution folds CAD documents, Graphic Plots, Maps and A4/A into tri-fold
- Unique solution with **trimming option**
- Folding speed: 9 A0/ E size per minute
- Suitable for any professional office or Reproshop

Free-standing Pro solution

Versatile folder that provides wide format CAD, Graphic documents and Maps automatically folded in a variety of formats. The new design with rounded edges and the possibility to add a trimming device makes this product unique

Main Characteristics

- Professional freestanding folder
- Perfect for engineering offices and print shops
- Productive with outstanding fold precision
- Unlimited fan folded length by module of 4 meters
- **Special Fold** programs: such as A4/A TriFold , MapFold and a wide fold-panel range
- Fan fold & cross fold in 2 steps
- Cross folding up to 3 folds and thickness up to 8 panels.
- Plug & play device, easy to use & maintain
- Silent and Reliable

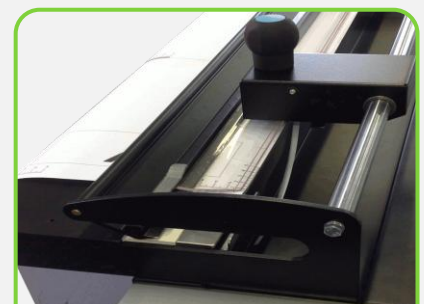

• Speed	12 m/min 9 A0/min
• Process	Fan and cross folding in two steps
• Fan Fold	210/190 mm
• Cross fold	297 / 300 / 305 mm
• Margin:	20 mm

Features

• Copy:	
• Length min: 410 mm - max: unlimited	
• Width min 270 - max 920mm	
• Plain paper	60-110g/m ²
• Weight	78kg
• Dimensions	630x1140x970mm
• Power	230/115Vac 125 W

GeraFold 218

- Freestanding unit with 2 collection baskets
- **Large table** to support constant workflow
- Space saver **tiltable table**
- Suitable for a wide range of folding requirements
- Folds documents of **unlimited length**
- Unique **touch screen** control board
- Folding speed: **15 A0/E size per minute**
- Suitable for any professional office or Reproshop

High speed Pro-system

Professional folder with extra large table allowing uninterrupted workflow and touch screen control panel. Designed to fold automatically a wide range of documents at high speed with outstanding quality. The best option for those who are looking for a highly productive solution

Main Characteristics

- Professional freestanding folder
- **Superior productivity** thanks to the large table designed to support uninterrupted operator's workflow at high folding speed
- Unlimited fan folded length by module of 4 meters
- **Customizable folding** programs & styles for special requirements by **Touch Screen**
- Fan fold & cross fold in 2 steps
- Cross folding up to 3 folds and thickness up to 8 panels.
- Plug & play device, easy to use & maintain
- Silent and Reliable

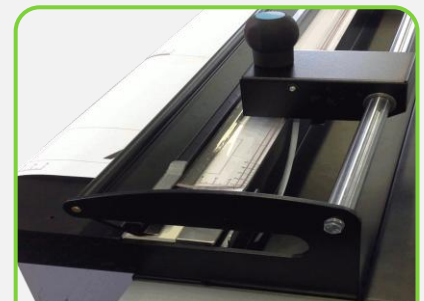

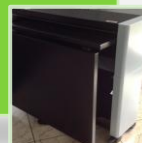

- **Speed** 20 m/min 15 A0/min
- **Fan Fold** 185-190-198-210-220-297 mm
7"-7,5"-8,5"-9"-10"-11"
- **Cross fold**
 - 105, 210, 297, 300mm
 - 8,5" (216), 9" (228), 11" (279), 12" (305)
- Margin: 0 - 30 mm Customizable

Features

- **Copy :**
 - **Length** min: 410 mm - max: unlimited
 - **Width** min 270mm - max 920mm
 - **Plain paper** 60-110g/m²
